Dear parents and carers

As part of the Australian Health and Physical Education curriculum, students in 5/6 will be completing an inquiry unit on Change and Identity. The Year 5 and 6 curriculum supports students to develop knowledge, understanding and skills to create opportunities and take action to enhance their own and others' health, wellbeing, safety and physical activity participation. Students develop skills to manage their emotions, understand the physical and social changes that are occurring for them and examine how the nature of their relationships changes over time.

If you have any questions, Please don't hesitate to contact your child's teacher.

Regards,

Emma, Millie and Andrew
